- ensure that children enjoy energetic activity outdoors and the feeling of wellbeing that it brings
- observe and assess and record the learning that happens in the outside space
- give children opportunity to plan and have ownership for their learning in the outside space
- help children to care for the outside environment through the context of the outside space
- enable children to work on their own and with others
- enable children to develop an appreciation of natural beauty and a sense of wonder about the world
- respect the outdoor environment and to care for living things

- enable children to manage and use the space and freedom afforded by the outside space
- give children the opportunity to be relaxed, enjoy and have fun outdoors
- use tools safely and effectively and to follow nursery safety rules.
